# HealthLink SmartForms for Genie

Welcome to HealthLink SmartForms. The smartest way for health professionals to refer their patients to NSW Health.

For more information on your Local Health District (LHD), go to: <https://health.nsw.gov.au/ereferral>

Your practice must be running Genie v8.8 or above to access the HealthLink SmartForms.

# Submitting eReferrals from Genie

## Using HealthLink SmartForms

SmartForms enable **Genie** users to easily refer and engage with all HealthLink SmartForm service providers including NSW LHDs, Transport for NSW and My Aged Care.

SmartForms are designed to speed up the service you can provide for your patients. They give you confidence that your form has been securely delivered to the service provider, and a copy has been saved to your Practice Software. And what's more, they are free for you to use.

Step 9:

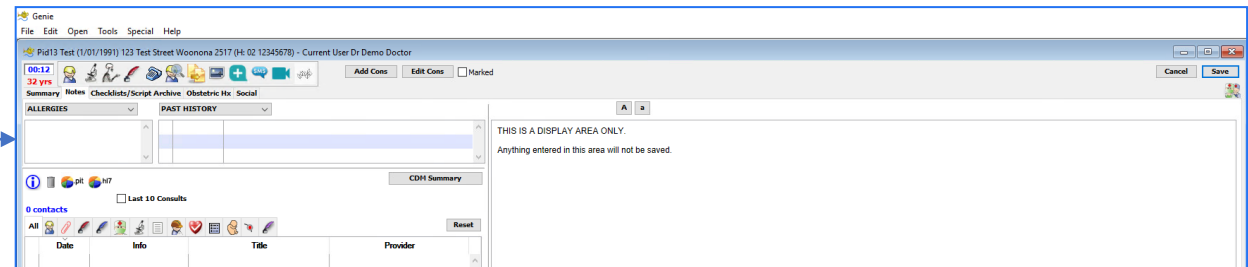

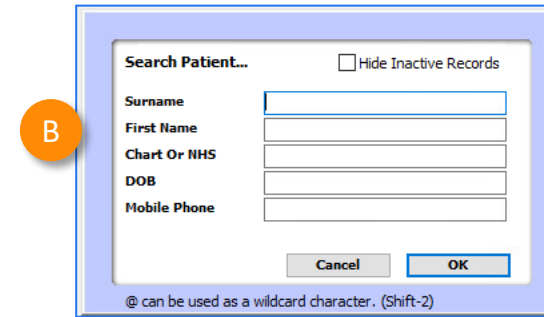

**Viewing more information on submitted referrals**

# Step 1: Accessing HealthLink SmartForms (eReferrals)

To access the forms within your Genie software...

First, search for the patient and open their electronic medical record:

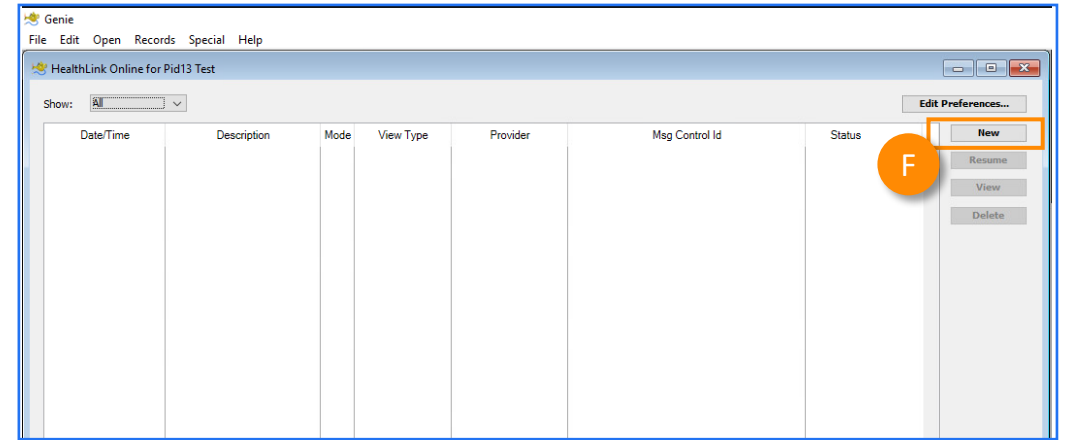

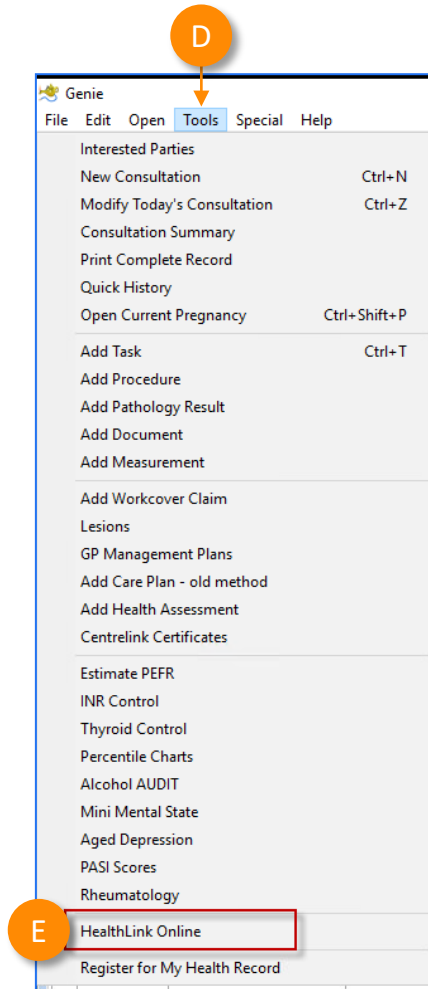

- A** Open > Patients from the main menu.
- B** Search for the patient you require.
- C** Select the patient and their record will come up.

## Step 1: Accessing HealthLink SmartForms (eReferrals)

From the patient's record...

- D** Select **Tools**
- E** Then **HealthLink Online**
- F** Now click the **New** button to launch the HealthLink home page to create a new referral.

## Step 2: Launching a new form

Now you're on the HealthLink home page...

- A Here you'll find a list of available services to refer patients.
- B Within the **Referred Services** section, Click on the link named **Health Outpatient Referrals -** followed by the name of the **LHD** you wish to send to.

(e.g. *Health Outpatient Referrals – Western Sydney LHD*)

To launch the smart form, **NSW Health Outpatient Referrals** require you to then:

- C • **select a specific service** and
- D • **facility** (only if there's multiple facilities for that service)
- E Then click **Continue** to launch the form.

For more information on your Local Health District (LHD), go to: <https://health.nsw.gov.au/ereferral>

## Step 3: Completing the form

Now you've loaded the form to complete and submit.

A

The **SmartForm layout** provides a consistent, easy-to-use tabular structure on the left, with the main action window on the right.

You'll notice SmartForms are **responsive**: They will pre-populate all available patient and referrer data and contain logic to request more specific patient information based on your selections.

B

**Mandatory Fields** must be completed prior to submitting the SmartForm and are each highlighted with a red asterisk.

**Note:** Please use HealthPathways where available to identify LHD specific referral information.

**C** It will also display a **warning** for some information taken from your Practice Management Software that needs reviewing.

For example, if a contact phone number does not include an area code.

**D** If you need more context on the questions, you can click on the **information icons**.

The screenshot shows a patient form with several sections: Family History, Patient Information, Referrer Information, Residential Address, Postal Address, and Contact Details. A red warning triangle icon with the letter 'C' is positioned over the Patient Information section. The Patient Information section includes fields for Name (MICKEY Disney HEATLEY), Gender (Male), and Patient's indigenous status (Neither Aboriginal nor Torres Strait Islander origin). The Contact Details section has a dropdown menu and radio buttons for Work, Home, Mobile, and Other, each with a corresponding phone number field. The Home phone number field contains '98765432' and is highlighted with a red border.

The screenshot shows a referral form with a sidebar on the left containing sections for Warnings, History, and Information. The main form includes fields for Referral Type (New, Updated, Continuation), Referral Period (12 months), Referral Priority, Patient available for appointment at short notice, and Is patient suitable for virtual care? (with an information icon). An information popup window is open over the 'Is patient suitable for virtual care?' field, displaying the text: 'This may include telephone consultation, video conference consultation, or remote monitoring. Appropriateness will be determined by the receiving outpatient clinic.' The popup has an 'Ok' button. The 'Reason for referral' field has a 'Browse for Consultation Notes' button and a text area for providing medical history.

# Accessing parked and auto-saved forms

To access parked or auto-saved forms, from the patient's record...

**A** Go to **Tools**

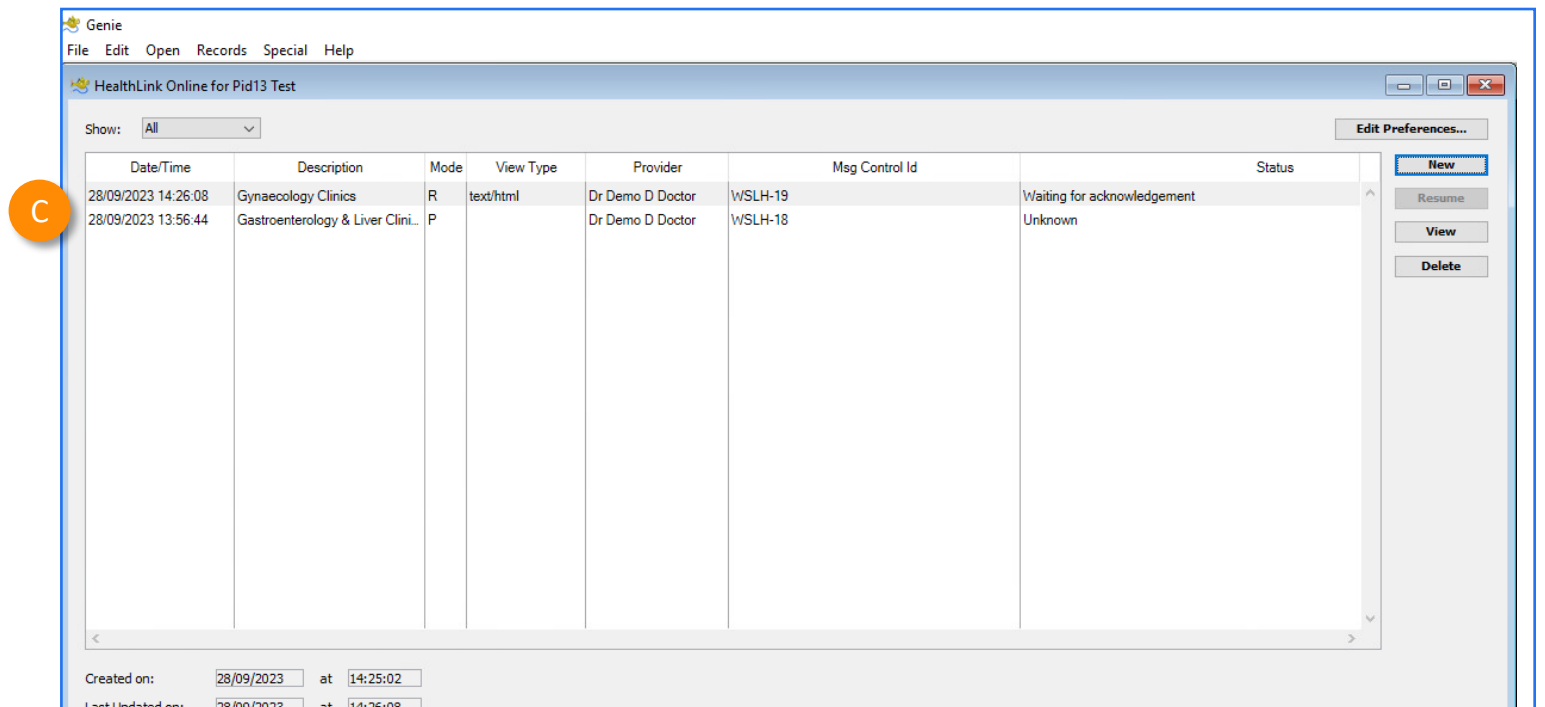

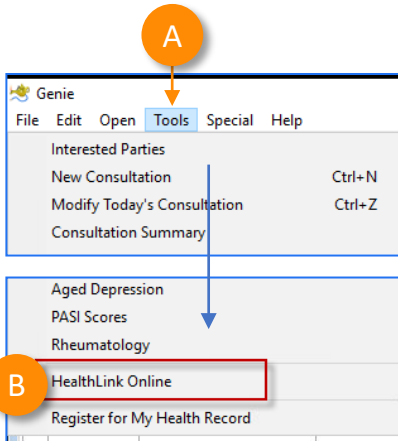

**B** **HealthLink Online**

**C** Once a form is **parked** or **saved** it will show in this screen. From here you can highlight and **resume** the form or view the form's **status**.

Submitted forms also show in this window.

Unknown indicates that the message has not been submitted.

**Note:** when returning to a parked or auto-saved form, due to security policy, any previously added attachments will need to be re-added.

## Step 6: Accessing submitted forms

**A** A copy of the submitted referral will go into the patient's record under the purple Quill

Note: The only way to access the parked/autosaved or submitted form is from within the patient record.

**B** From here you can highlight the submitted report to view it.

Note: this area only shows the SmartForms that have been submitted.

The screenshot shows the Genie patient record for Pid13 Test (1/01/1991) at 123 Test Street Woonona 2517. The interface includes a menu bar (File, Edit, Open, Tools, Special, Help), a toolbar with various icons, and a main content area. A table titled "1 HealthLink Online form" is visible, with columns for Date, Info, Title, and Provider. A purple quill icon is present in the Date column of the first row. ## Step 7:

# What happens after a referral has been made?

- NSW Health Outpatients will respond with a **Status Message** regarding the **Referral Acceptance** or **Referral Rejection** with reasons.
- These Status Messages will be received back into your Practice Software using the same workflows when receiving Incoming Reports and Results, and Other correspondence like Discharge Summaries.

## Viewing incoming reports

- From the menu, go **Open > Incoming Letters**
- Here you can **view incoming letters**, filter by Doctor and linked or unlinked. **Sort** by date, file name or patient name, as well as search by patient name.
- Double clicking an item in this list will open it up and allow you to **link/match it to the patient**. Once the letter has been linked/matched it will show in the patient's file.

## Step 8: Update Referral: Adding additional information for the LHD

The **Update Referral** feature allows you to review your patient's referrals and submit additional information, if the patient's condition or circumstance changes, or in response to a request from the LHD/clinic that you referred your patient to.

**A** Follow **Step 1: Accessing HealthLink SmartForms (eReferrals)** then navigate to the **'Update Referrals'** tab (second tab on the screen).

**B** Here you'll see referrals made for the patient by you in the last 6 months, split into separate tables for each referred organisation.

**C** You can search for referrals by selecting a different date range. **Note:** Please specify a date range that is at least a day apart.

## Step 8:

# Update Referral: Adding additional information for the LHD

**J** When you send the update, the additional information you provide on the form will be appended to the original referral at the top and sent together to the LHD.

- If there are multiple updates sent for a referral, they will be displayed in order of the most recent first.
- Just as with other forms, you can Park an Additional Information form. Parked and Autosaved referral updates can be found in your patient's record (See **Step 5 Accessing parked and auto-saved forms**)
